Both charges were proven to the satisfaction of the court, and on the charge of abusing the carmen McDowell was fined \$10, and on the other charge he was sent on to the grand jury.

The evidence showed that McDowell on last Friday night yelled to the carmen a number of objectionable epitheta, for which he was arrested. THE COUNTY LEVY

Supervisors Met Yesterday and Laid

the Tax—Other Items.

The Board of Supervisors of Henrico county met yesterday at the courthouse and transacted considerable business. The item of greatest general interest and importance was the laying of the county levy. The tax is to be 40 cents per \$100, and 20 cents for schools in all districts except Franklin, where the tax for schools will be 18 cents. This will make the tax for all purposes \$3 cents in Tuckahoe and \$5 cents in the other sections of the county.

A negro named Charles Nelson was charged yesterday before 'Squire Thomas with creating a disturbance on a Seven Pines car, and was given 6 months in fail and fined \$50. He was also charged with resisting an officer, for which he was sent to Jail for 12 months and fined \$50.

A big political raily will be held to-morrow night at Hardin's shop. Practi-cally all of the candidates will be pres-ent, and the attendance is expected to be very large.

The citizens of Charles City Road and Darbytown Road, in Henrico, have petitioned for a rural free delivery route along those roads to Glendale. The neighborhood is quite thickly populated. Congressman John Lamb is doing all he can for the proposed route.

WALTED COMPANY AND THE COMPAN

WAITED 30 YEARS

For the Proper Food.

A man who was a semi-invalid for 30 years got well in about a month when he found the right food. He says: "When I was 10 years of age I had a severe attack of Typhoid fever and after almost starving to death I was left in a pitiable condition."

starving to death I was left in a pitiable condition.

"My nervous system was so shattered that I had to walk with a cane for six months after I got on my feet and my stomach was terribly distended. This was thirty years ago, and since that time I have never known health, although I had tried doctor after doctor, until six months ago I saw an article about Grape-Nuts that impressed me so I thought I would try it.

'So I gave Grape-Nuts a trial, more as something to eat than with any idea it would help me. My improvement commenced immediately and has kept right up until now I have used seven packages and I feel like another person. I am in better health than I have been since boyhood, and am strong and contented. Grape-Nuts food helped me after everything else falled, and I look on this as an evidence of the great power of proper food." Name given by Postum Co., Battle Creek, Mich.

"The recent disturbances have proven the utter inability of the force to master the situation," said Commissioner Weisn. The Times-Dispatch, Richmond, Va.;

Gentlemen,—After spending several days here we have found it to be a very pleasant and enjoyable place to spend one's summer vacation. The attention received by all guests is what should be expected, and to any person looking for a pleasant place to spend their vacation we can truly recommend the Mecklenburg Hotel.

It is certainly a healthy place, judging from the improvement in our health since our arrival.

I am, very respectfully.

Ocean View, August 3, 1903.

The Times-Dispatch:

Gentlemen,—Ocean View is one of the most delightful summer resorts one could wish to find. The hotel here is lively with guests and every one seems to be enjoying the cool sea breezes.

The Teo-Dee party is thoroughly enjoying their stay here. Mr. Wells, the popular Casfno manager, has very graciously tendered us the use of the bathing pavilions, and a box party at the Casino. Mr. Davidson, manager of the hotel, has shown us every courtesy, given us a trolley ride of about fifty miles to Cape Henry, Va., Beach and many other places. There are many attractions here, and one could not but enjoy themselves. In toto, the Teo-Dee party are having a lovely time.

Jefferson Park Hotel, August 1, 1903.
Times-Dispatch, Richmönd, Va.:
Our week at the Jefferson Park Hotel
has been most delightfully spent, The place
is ideally situated in the midst of pines. The has been most delightfully spent. The place is ideally situated in the midst of place. The magnificent breezes and delightful fare, combined with varied attractions, make it, indeed, a most charming resort. The hotel is kept by two representatives of Virginia's oldest families, and is so home like that we actually have hot rolls, a thing unheard of in many hotels. There are mineral waters of various kinds, music every night at the pavilion, carrides to the University, where one learns to make and do everything—at the School of Methods—from making beits and baskets to shooting an idea.

How grand is the University, and how we did enjoy the glorious car rides.

Our letter we send is as short as our most pleasant sojourn here has seemed to us and our only regret is that we cannot prolong the visit.

Our remedy is made by reducing the Natural Water 160 times, and the 20 different minerals which compose it are introduced into the system even better than by the use of the Natural Water.

This is not a patent medicine, but Nature's Remedy, which gives to every organ of the body those minerals which have escaped. It is not compounded by us, and we only deserve credit for being able to put it up in Concentrated form, whereby a person of small means can be cured at home even better than his rich neighbor, who can afford to go to the springs.

Our Concentrated Water is even used by people who either live at or visit the different mineral springs of this country, because it makes more cures than any Natural Water or other medicine known to science.

Chronic Diseases, such as Indigestion, Rheumatism, Catarrh, Female Complaints, Kidney and Bladder Disorders, Nervousness, Stomach and Bowel Troubles, Torpid Liver, Scrofula and all Blood Diseases, are permanently cured by its use.

The meeting is, we believe, a prophecy of large things for young men in the small towns and rural districts of the Old Dominicon.

County Y. M. C. A. work began some years back, and has had but slow development until four years ago, when Kentucky secured Mr. Lake as one of the secretaries of the State Committee, to give his entire time to the development of county work. Since then eight counties in Kentucky have been organized, several in Illinois, New York and Massachusetts, and only a few days ago one county was crganized in North Carolina. Other States are taking hold of the work, which is proving so fruitful in the ennobling of the lives of many men. Pastors and laymen in counties which have been organized bear willing testimony to the usefulness of the work.

Virginia is fortunate in securing Mr. Lake as secretary of the State Committee to begin this movement, and Fauquier county is honored in boing chosen as the first county in which to inaugurate the work.
